TO COMPETE FOR GOOD ROADS

Pupils Will Enter Contest for Best Composition, Prize to be Awarded By Uncle Sam.

DR. SILBER CONDUCTOR OF NEXT INSTITUTE

Meeting for Year of Bernalillo Teachers' Association: Address By Supt. White.

al meeting for the year of the Bern atillo county district schools will enter the competition announced by the government office of public reads. for the best composition written by buy or girl between the ages of 10 and 15, on the repair and maintenance of earth roads, the winner to receive a gold medal. Three girls in the school in district No. 15 have already arranged to enter the contest and much interest has been aroused.

This was one of many interesting matters brought up Saturday afternoon at the Central school at the fin-Pupils of at least three of the Bernalille County Teachers' Association. All the county teachers except two were present, with many visitors and pupils, a number of the latter taking part in the splendid program. N. White, state superintendent of puttie instruction, on "The Essentials" "Any child between the ages me of a Good School.

Dr. Silber to Lead the County Teachers' Institute.

Among the interesting announce ments made by County Superinten dent Atanacio Montoya was that re garding the plans for the county in stitute this summer. The date of opening is June 2 and the institute will be only two weeks in length instead of four as last summer. Memdel Sitber, rabbl of Temple Albert will be conductor, and the teachers are to be congratulated on Dr. Silber's consent to take up the work. as he is one of the most scholarly and progressive thinkers in the city. Superintendent John Milne of the

city schools will be one of the instructors, two more remaining to be appointed.

Instruction will be given in music physical exercises and domestic sel-There will be an model school teachers have had normal training.

appointed, consisting of Mrs. O'Connor Roberts, Miss Ruth Goes and Miss Mary 8. Howland, which will draw up resolutions thanking the city school board for the use of the Central school building, thanking the speakers who have addressed the various meetlugs, ot cetera.

as essentials of a good school, a good made in that line in this county; propor equipment and the right kind of a it was a most helpful address and like tened to closely by those present. Superintendent White leaves to-

night for Gallup to inspect the schools there, returning here Wednesday night. Thursday and Friday he will visit the Albuquerque city schools. He expressed himself as delighted with the meeting of the county teachers,

Anxious for County to Get First Gold

The pupils of the county schools, as well as the teachers, are eager for Mernalillo county to get the first prise medal contest; each teacher is anxlous to have her school the winner mpils will be keen. Following is the circular sent out from Washing on announcing the contest:

"A gold medal to the school boy of who writes the best composition, no to exceed 100 words, on the repair and maintenance of earth roads, is to be awarded by Logan Waller Page, ed States department of agriculture Washington, D. C. Alt compositions Splendid Program at Final must be sabmitted to Mr. Page before May 15, 1913, and the medal will be awarded as soon thereafter as the 2 %-lb, cans Baking Powder ompositions can be graded. The composition may be based on knowl- 15 edge gained from books or other ources, but no quotations should be

> "After many years' experience in Good Cranberries. lealing with the public road situation of the country, it is Mr. Page's belief that ignorance on the subject of re pair and maintenance of roads is a much the cause of their bad condition on any other one factor. It is expected that the competition will bring about a better understanding of the subject of repair and maintenance in the rural districts.

Many children living in the rural districts have experienced the disadvantages of roads made impassable through a lack of proper maintenance and it is expected that their interest In the competition will stimulate greater interest among the parents. Bad roads have prevented many shill dren from obtaining a proper education and have even prevented doc leature was a fine address by Alvan tors from reaching the side of rural

"Any child between the ages men foned, attending a country school, may compete. On'y one side of the paper must be written on; each page should be numbered; the name, and address of the writer, and the same and location of the school which he or she is attending must be plainly written at the top of the Hrst. The announcement of the ompetition has been sent to the su perintendents of schools in the rural No further information districts. can be obtained from the office of public roads. This announcement should be plain to everyone, and all children will thus start on a basis of

State Meet.

A circular from the secretary of the New Mexico Educational associaion, regarding the date for the next annual meeting in November, was up the superintendent believing that for discussion, it being the consensus while a most interesting adjunct of of opinion that the latter part of the the work, this is hardly necessary in month will be most suitable for the this county, where practically all the convention. The following is the circular from the secretary: Department of Education, Santa Fe.

day and Sunday in which to reach Albuquerque and the Thanksgiving horidays in which to get back home. The strongest reason, however, which influenced the committee was the growing objection on the part of chool officers to so many interruptions of the school work during the fall term. With the meeting during the first half of the Thanksgiving week there will be only one interrupion and consequently less loss of time than if we should hold the meeting

earlier in the fall. The local committee at Albuquerque feel that the date selected by the executive committee is not entirely suitable from their point of view. It is stated that it will be impossible to furnish as good an entertainment as would be possible earlier in the fall. t im felt, too, that the weather at 'hanksgiving is more uncertain and t is objected that teachers will not desire to run the risk of not being able to reach their homes for Thanksgiving and it is further said that the sttendance hast year was so good that we should not experiment with a different date.

The executive committee, however. seems to feel that a better attendance will be secured with less effort by Local Teachers Favor Late Date for 25 and 26, than on November 6, 7, having the meeting on November 21, and & Of course, the committee b willing to reconsider its decision if it shall seem necessary to do so as a result of the strong expression of opinion in favor of the earlier date. I shall be giad to have you canvass statement of your views with reference to the matter. Very truly yours.

RUPERT F. ASPLUND. Secretary New Mexico Education April 10, 1913.
